Whiptail Blades

worth
company

The Whiptail is truly a revolutionary new design that has all the bells and whistles you would expect for a blade of this unique shape. The realistic detail of the blade looks just like a baitfish. Using this blade for tandem spinner baits resembles a school of baitfish swimming through the water.

Whiptail Blades - Smooth

Size	1	2	3	4	5
Length (in.)	1.055	1.319	1.529	2.044	2.637

Whiptail Blades

For flash, we incorporated our exclusive hex pattern that reflects light like no other blade currently out on the market. Probably the most important aspect of the whiptail is the vibration that is created by its aggressive tail cupping. The Whiptail has a tight rotation with a very distinct thumping vibration. We stamp the Whiptail blade from the highest quality brass in five sizes, smooth and hex patterns and finishes of polished brass and nickel.

Whiptail Blades - Hex Patteren
